Certificates of Public Convenience and)
Necessity to Provide Water and/or)
Sanitary Sewer Service to Parcels in)
Cook, Kendall, DuPage and Will Counties,)
Illinois Pursuant to Section 8-406 of the)
Public Utilities Act.)

Docket No. 04-0522

AMENDED APPLICATION FOR
CERTIFICATE OF CONVENIENCE AND NECESSITY

TO THE ILLINOIS COMMERCE COMMISSION, SPRINGFIELD, ILLINOIS:

Illinois-American Water Company, Petitioner herein, respectfully shows:

1. It is a duly incorporated company, incorporated under the laws of the State of Illinois on August 15, 1916, and is duly authorized to do business in the State of Illinois. It is a public utility within the meaning of the Act of the General Assembly of the State of Illinois entitled "An Act Concerning Public Utilities", approved June 29, 1916, and enforced July 1, 1921, as amended, and is now engaged in the business of furnishing potable water service to the public of the State of Illinois.

2. The post office address of Petitioner is 300 North Water Works Drive, P. O. Box 24040, Belleville, Illinois 62223-9040.

3. Petitioner provides water and sanitary sewer services in several counties in Illinois, including certain areas in Cook, Kendall, DuPage and Will Counties.

4. The areas for which Petitioner seeks certification are generally contiguous to eight areas currently served by Illinois-American's Chicago-Metro Division. The eight service areas

of Petitioner are identified as Chicago Suburban, Southwest Suburban, Liberty Ridge, Valley Marina, Santa Fe, Valley View, West Suburban, and DuPage.

5. Petitioner has entered into or is in the process of entering into nineteen water and/or sanitary sewer service agreements ("Service Agreements") with property developers and/or owners to serve the parcels for which certification is requested. Pursuant to these Service Agreements, the developer or owner agrees to take from Petitioner, and Petitioner agrees to provide (subject to the terms and conditions set forth in the Service Agreements), water or water and sewer service. The areas to be certified are arranged by Petitioner's service areas. The areas for which Petitioner seeks certification are shown in red on the maps attached hereto as **Revised Exhibit A** and are more specifically legally described on **Revised Exhibit B** attached hereto. **Revised Exhibit C** identifies the type of certificate that is being requested for each parcel.

6. No other water or sanitary sewer utility presently serves the parcels for which certification is requested.

7. The municipalities, arranged by Petitioner's service areas, whose corporate boundaries lie within one and one-half miles of the areas for which Petitioner seeks certification are:

Chicago Suburban Area – Des Plaines and Mt. Prospect;

Southwest Suburban Area – Orland Park, Lockport, Homer Glen, Lemont, Palos Park and Orland Hills;

Liberty Ridge Area – Wheaton;

Valley Marina Area– Oswego and Montgomery;

Santa Fe Area – Woodridge and Lemont;

Valley View Area – Glen Ellyn;

West Suburban Area – Bolingbrook;

DuPage – Lisle.

Each of these municipalities has been served with a copy of the Petition, as required by 83 Ill. Admin. Code 200.150(b).

8. Petitioner proposes to serve the customers located within the parcels for which certification is requested under its Chicago-Metro Division's standard rates, rules and regulations in effect from time to time. Petitioner is prepared to serve all potential customers located within these parcels, subject to the provisions of its rate schedules.

9. Petitioner's construction, operation, and maintenance of the water and/or sanitary sewer facilities, as contemplated in the Service Agreements, and as will be described in the testimony and exhibits supporting this Petition, are necessary to provide adequate, reliable, and efficient water and/or sanitary sewer service to the customers to be located within the areas for which certification is sought. In addition, Petitioner's construction constitutes the least-cost means of satisfying the service needs of those customers.

10. Petitioner is capable of efficiently managing and supervising the construction necessary to serve all the parcels.

11. Petitioner is capable of financing the construction necessary to serve all of the parcels in accordance with the Santa Fe Agreement without adverse financial consequences to Petitioner or its customers.

12. The construction, operation, and maintenance by Petitioner of the water and/or sanitary sewer facilities necessary and appropriate to serve the parcels for which certification is requested, and Petitioner's provision of water and/or sanitary sewer service to the public in those

parcels, will promote the public convenience and is necessary thereto, and the interest of the public will be served thereby.

WHEREFORE, Petitioner requests that the Commission issue Certificates of Public Convenience and Necessity authorizing it to own, operate, and maintain the facilities necessary and appropriate to serve the parcels in Cook, Kendall, DuPage and Will Counties shown on Exhibit A and legally described on Exhibit B; to transact the business of furnishing water and/or sanitary sewer service to the public therein, as summarized on Exhibit C; and grant such further relief as may be just, reasonable and appropriate.

Respectfully submitted,

ILLINOIS-AMERICAN WATER COMPANY

By: 
President

Counsel for Petitioner:
Mary G. Sullivan, Corporate Counsel
Illinois-American Water Company
300 N. Water Works Drive
